

Al Shahin Metal Industries
AMI - SHMICO

COMPANY PROFILE

AL SHAHIN Company for Metal Industries was established in 1978 located in 2nd Industrial City- Riyadh Saudi Arabia. The company was established to supply state-of-the-art fabricated structural steel structures in the industry and today we are proud to introduce ourselves as one of the very reputed and well known company, executing very prominent projects for supplying of Multi-Purpose Pre-Engineered buildings and Structural steel buildings which includes Malls , High Rise Buildings , Bridges , Towers and others which can be used for commercial, industrial, petro-chemical and any other purposes with a wide range of industrial applications within International Standards.

AL SHAHIN Company manned by professionals of Engineering, Manufacturing, Sales and Management for the purpose of providing diversified services which highlights mainly on engineering services and almost all imaginable steel structures. The company is also maintaining a Quality, Health & Safety assurance program for the operational efficiency and overall company profitability and to avoid production errors and to ensure the quality of its delivered products.

AL SHAHIN Company for Metal Industries is equipped latest design and detailing software's to ensure the accuracy of its engineering outputs and providing complete solutions through design and build, to engineering procurement and construction. Our company has the expertise to execute any challenging task profoundly, which consists of a qualified skilled team along with a very senior engineering team that checks the progress stage by stage maintaining the quality and keeping it on the top of their agenda.

Our Mission & Vision:

To supply high quality steel products, utilizing innovative technologies in a highly motivated environment, leading to added value to our customers and our vision to invest and to grow in relationships with developers, investors and service providers alike to provide best fit solutions to mutually benefit and to sustain productivity and growth.

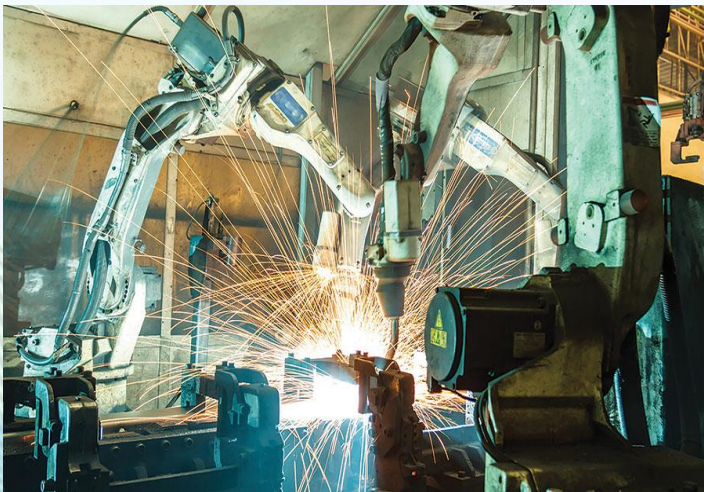

FACILITIES & INFRASTRUCTURE

Al Shahin Facilities spread over the area of 250,000 m² covered area with overhead traveling cranes. Raw steel and manufactured members are handled efficiently through the use of numerous huge cranes. Completed structures are shipped to job sites through a combination of commercial haulers and Al Shahin fleet trucks equipped with cranes.

The engineering team has twelve work stations using Steel computer drafting from the engineered design drawings supplied by project engineers and architects, the Al Shahin Drafting Team creates connection design drawings, and working drawings and the electronic files created are then fed directly.

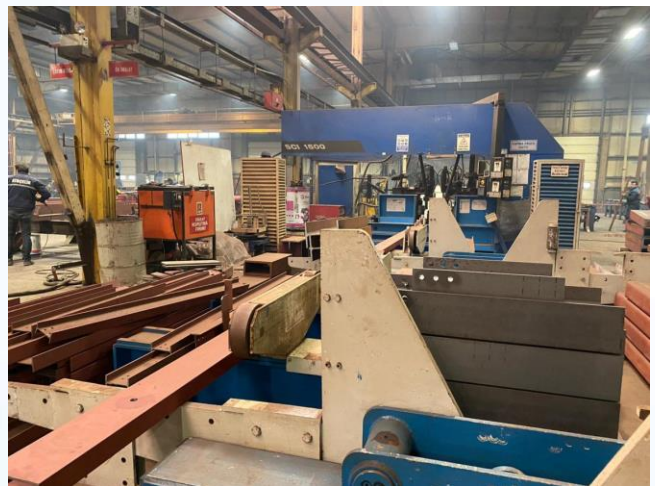

Al Shahin Plant has all the modern and wide variety machines and equipment's, which is of great help in fabricating any type of steel structures in the soonest possible time some are listed here:

ARC WELDING ROBOTS:

This welding robots are most advanced accelerate on method and independently articulated arm type manipulator provided dramatically wider working

CNC SCI 2500 WELDING LINE TWIN TANDEM SUBMERGED ARC WELDING MACHINE

The purpose of the machine is to weld columns, Rafters for the steel building to save time and reduce the cost of customers.

CNC FLAME CUTTING MACHINES

The modernized machine to cut all dimensions of steel plates according to your necessities.

CNC APS MULTILINE PUNCH AND SHEAR MACHINE

The advance machine to shear & punch the plates and angles..

CNC CUTTING MACHINES

The machine used to cut all types of stainless steel plates up to 16 MM, aluminum, carbon steel plates up to 20 MM. As per requirements.

CNC SHEARING MACHINE

The sophisticated machine to shear all types of steel sheets up to 12 MM. thicknesses.

CNC TANDEM PRESS BREAK MACHINE

The highly developed machine to specialized bending of ZID purlin channel , U-channels, Angles, Water Channels, Flashings and all other type of channels with lengths up to 12 meters.

CNC DRILL LINE / FICEP 1103

The modern machine used for Profile Marking, Plate Drilling, Beam Drilling, C-Channel Drilling and others

OXY FUEL DRILLING AND CUTTING MACHINE

This modern machine for plate marking, plate drilling and plate cutting to minimize the wastage

AUTOMATIC SANDBLASTING AND PAINTING MACHINE

Adjustable Hydraulic 3 rolls plate bending machine

3 ROLLER BENDING MACHINE

CUT TO LEGTH MACHINE

This machine accustomed to cut steel HR coils as per its required lengths for production

CNC COPING MACHINE

Profile marking, profile drilling, profile cutting and plate cutting

CNC DRILL LINE / FICEP-1103 DE LASER

Profile marking, Plate drilling, Beam drilling, C-Channel drilling.

CNC-EAKA ADN015

Profile marking, Plate drilling, Beam drilling, C-Channel drilling.

Coil slitting and recoiling

SLITTING MACHINE

CNC ROLL FORMING MACHINE

Length cutting of coils and purlins. Bending of coils (C-channel) the highly developed machine to specialized bending of Z-purlins, U-channels, angles, water gutters, Flashing and all other type of channels with lengths up to 12 meters

ELECTROFORGED GRATING MACHINE

Electro forged grating welding machine also called Spot grating welding machine, use to make steel gratings for petroleum industry, chemical industry, quay, municipal administration, environmental protection, national defense, construction etc.

SANDWICH PANEL MACHINE

AMI's PIR Sandwich Panels are composite sandwich panels comprising of PIR as the core material. The panels are a perfect solution for projects that require high energy efficiency and fire-resistance

LIST OF MACHINES ON AMI SPECIAL DEPARTMENT

The list of machines for manufacturing of in-house molds and dies, spare parts, maintenance parts which utilizes latest design and technology

- CNC WIRE CUT MACHINE
- CNC SURFACE GRINDING MACHINE
- CNC VERTICAL MILLING MACHINE
- CNC SHAPING AND RADIAL DRILLING MACHINE
- CNC LATHE MACHINES

This equipments compliments numerous other machines such as Radial Arm Drills, Welding Machines, Hydraulic Punching Machines, Band Saws, Ironworkers and Cambering Machines for the complete fabrication facility which allowing our company to produce 6,000 to 8,000 Metric Tons per Month.

Mr. Al-Shahin,

We are pleased to inform you that your company is now included in the Saudi Aramco Supplier Information System under Vendor Code No. **10040357**, Plant No. **30007816** for the following products provided your company continues to meet relevant Saudi Arabian and Saudi Aramco standards.

9COM	Description
6000000617	BUILDING; PRE-ENGINEERED; STEEL
6000000663	STRUCTURE; STEEL
6000000665*	TOWER; COMMUNICATION
6000000486	PANEL; ROOF OR FLOOR OR WALL; ST OR ALUM

*Approved with limitation

This approval, however, should not be construed as a commitment by Saudi Aramco to purchase from you. Being approved as a supplier only grant your company the opportunity, along with other approved sources, to respond to requests for submitting proposals in accordance with Saudi Aramco's established policies and procedures. All purchase agreements and orders will be issued based on the name and address stated in your commercial registration (CR), as stated above.

Saudi Aramco wishes to remind you that being recognized as a potential supplier is a privilege which carries with it serious obligations and responsibilities to act in a legal and ethical manner. We wish to remind you of the Saudi Aramco Supplier Code of Conduct (SCOC) which you acknowledged. Failure to abide by the principles set forth in the SCOC can result in adverse actions being taken by Saudi Aramco against you including suspension of you as a supplier. Saudi Aramco also expects each of its suppliers to satisfy each of the requirements of any purchase agreements or orders which might be placed and to act responsibly and reliably as a supply chain supplier.

SRQU-096-16

Please note that evidence of representation from your supply source(s) must be supported by letter(s) of confirmation stipulating the territorial coverage and specific product lines involved. Your supply sources must have been accepted as qualified suppliers of the range of materials that you wish to supply. It is also important that you advise us immediately of any changes in the agreements which you have negotiated with your supply sources and/or any changes in your contact information such as postal address, telephone and fax numbers.

Suppliers should apply for Saudi Aramco Supplier Portal access by forwarding a request to portal-registration@aramco.com. The Supplier Portal is the main electronic business tool used between Saudi Aramco and its suppliers and serves to improve the flow and accuracy of key supply chain information.

Should you have any questions, please call Ahmad A. Al-Shaer on 874-0316.

 9/8/2016

Ali S. AL-Ruzaigi, Supervisor
Supplier Registration & Qualification Unit

It is the responsibility of the supplier to notify Saudi Aramco Supplier Relations Management Unit of the following:

1. Change of Name/ Address/ Owner(s)
2. Any change of the supplier location (sub sourcing fabrication of major components)
3. Discontinue of fabrication or supply of approved commodities (9COMs, 9CATS and/or MSGs)

Ali Al-Ruzaigi, Supervisor
Supplier Registration & Qualification Unit

It is the responsibility of the supplier to notify Saudi Aramco Supplier Relations Management Unit of the following:

1. Change of Name/ Address/ Owner(s)
2. Any change of the supplier location (sub sourcing fabrication of major components)
3. Discontinue of fabrication or supply of approved commodities (9COMs, 9CATS and/or MSGs)

Dear Vendor,

After carefully reviewing your application, I am pleased to inform you that your company **AL SHAHIN COMPANY FOR METAL INDUSTRIES** / Vendor No. is 13978 has been successfully registered and qualified for the below Categories with Ma'aden.

Category		Sub Category	
31330000	Fabricated structural assemblies	31331500	Solvent welded structural assemblies
95140000	Prefabricated buildings and structures	95141500	Prefabricated farm buildings and structures
95140000	Prefabricated buildings and structures	95141600	Prefabricated residential buildings and structures
95140000	Prefabricated buildings and structures	95141700	Prefabricated commercial and industrial buildings and structures

From now onwards, your company may receive from Ma'aden or its affiliates, request(s) to participate in tenders (RFP/RFQ) for Goods and/or Services and/or Projects in line with your competencies. However, please do not read into this letter that it constitutes a guarantee that you will receive any such requests, as those are dependent on many factors evaluated according to our discretion as needs arise.

You should also have received, an ID and password that will allow you to log on our Supplier Portal Oracle Applications system. If you have any further questions or require additional information then don't hesitate to contact SRM Team (srm@maaden.com.sa). I appreciate your interest in becoming a Ma'aden vendor and look forward to the opportunity to work with you.

Best Regards,
Supplier Relation Manager

Project : OPERATION & MAINTENANCE CENTER
Jubail, Saudi Arabia (Contract No. 691-C19)Subject : Technical Submittal for Pre-Engineered Steel Bldg.

Gentlemen,

Reference to our conditional letter of intent # RC-4/PO/AVP/13 dated 31 March 2005, and Purchase Order Number PO00003975 dated June 23, 2005 regarding the Design, Supply and Delivery of pre engineered steel, please be informed that your technical submittal was approved by the Royal Commission. As such, you are kindly requested to proceed with the necessary preparations to meet the delivery schedule.

Should you have any clarifications, please do not hesitate to call the undersigned at the following :

Tel. No. 827-1190 Fax : 827-9433

This is for your record and reference.

Thanks a lot,

Engy. Showki K.M.cc : Engr. Walid Sidki
